

■ Creating trust and prosperity through quality

Based on our mottoes, “Creating Trust and Prosperity through Quality” and “Providing Products that delight our Customers,” we promote quality assurance activities based on “Controls and Standards that Prevent Defects” and “Controls and Standards that Prevent Outflow of Defects to Customers” in order to provide our customers with quality products. With the Musashi Philosophy as the foundation of our quality policy, we have established a quality management system that covers the requirements of IATF 16949, and all employees engage in quality assurance activities and constitutional improvements in the process from the launch of new models to mass production management.

Quality Policy

To accurately grasp the needs of customers around the world, build an advanced corporate structure, and provide world-class products in Q (quality), C (cost), D (delivery time), M (morale), S (safety), and E (environment) for the realization of a sustainable society.
